

BRICK HOUSE SHOP

The Brick House Shop is located behind the main tavern on Botetourt Street. It was used by two entrepreneurs, Messrs. Cosby and Moore, to carry on the “RIDING-CHAIR MAKERS business, in all its branches; and likewise make carts, and all kinds of wheels.”

It is a two-bedroom house. The first floor has one bedroom with one queen canopy bed and a sitting room with a fireplace. The second floor has a bedroom with two double beds. Both bedrooms have private, full baths.
