

## RICHARD CRUMP HOUSE

The Richard Crump House is located on Francis Street. It was part of extensive real estate holdings of the Rev. John Bracken. Maps from the early 1800s showed the house marked as “Js. Carter.” James Carter and his brother were both apothecaries and surgeons during the mid to late 1700s.

The first floor has a queen canopy bed. The second floor has twin beds. Both rooms have private, full bath facilities.
